

## ***Hello from Bakers Narrows Lodge***

Bakers Narrows Lodge - 10th Anniversary Newsletter

Time Flies! 10 years have gone by since our family bought Bakers Narrows Lodge. We would like to say a huge THANK YOU for your support. We have, and continue to make, changes each year to upgrade and offer new services to our customers to enjoy in this beautiful part of Manitoba.

This year we noticed that the Walleye fishing was better than ever. There were lots and lots of Master Angler Walleye caught, up to 32 inches long, but also lots of keepers in the 22 inch size range.

We still can boast about the Lake Trout fishing. It's some of the best you will find anywhere – with trophies ranging from 30 – 45 lbs, and the odd one that's even bigger.

Our guests can always count on catching lots of Northern Pike, with some ranging from 40-48 inches long.

Are you aware that we offer Smallmouth Bass Fishing, Rainbow and Brook Trout Fishing and other species – White Fish and Perch are often part of the day`s catch.

Our fly-out remote lakes are still able to exceed the expectations of the guests because of the phenomenal numbers of Walleye that are caught and released. Our signature shore lunches made with the morning`s catch of fish are a highlight of the trip for many of our guests.

Remember – late May through the middle of July and the last half of September through October are the BEST TIMES FOR FISHING!

### **New in 2011**

We are hosting more weddings, reunions and conferences, so to accommodate that clientél we have purchased a 40`x 60` high top tent which can seat as many as 200 people. The sidewalls can be put up if the weather is poor, or if weather permits, the venue can enjoy the beautiful grounds and view of the lake under the protection of the tent roof.

We`ve added a new 10ft slide to the dock, which propels the kids, shrieking with delight, into the water.

...for the ultimate  
fishing experience !

In 2012 we plan to add a volleyball court area for both young and older guests to enjoy.
